

# DL60-R108 LED

## LED Downlight

## Description

DL60 LED is modern downlight family with built-in LED module, that replaces halogen and compact tubes. DL60 runs on low energy and has an extremely long lifetime. It comes with a wide range of trims and decors and is easy to install. The downlights trims are available in white, chrome or brass. DL60 LED downlights have light source and driver included.

**DL60-R108** is IP24 from below and IP20 from Top with QC. DL60-R108 is adjustable both in vertical (tilt +/- 25°) and horizontal (rotate 228°).

## Technical specifications

### Application

For crew and public areas as cabins, corridors, stair cases, lounges and shopping areas

### Design

According to marine requirements

### Housing
